# ■ HISTORY

## London Web Standards

London Web Standards brings together web professionals who are working for a better web. Our monthly meetups provide them with an opportunity to teach, inspire, learn, network and debate. Each meetup features a speaker drawn from our membership or the wider standards community. The talks cover a range of topics including HTML5, JavaScript, YQL, accessibility, web fonts, UX and front-end performance.

Our tenth anniversary is in October 2017 - can you help us celebrate it a little early at this year's State of the Browser?

## Browser Event

In 2011 London Web Standards organised a one day conference focusing on the 'State of the Browser' at Ravensbourne. The Event was attended by 140 web professionals. The event was streamed live over the internet and at its peak was watched by over 200 people. The conference was then repeated in 2012 and 2013, with 175 delegates. In 2014 we moved to our new venue, the lovely, historic Conway Hall, Red Lion Square, Holborn. In 2014 and 2015 we had close to 400 attendees. In 2016 we took a year off!
